# **IMPORTANT**

To enture a perfect fit. It is **ESSENTIAL** to work a swetch before starting to work. Try the suggested needle sixel first. Last on the number of satches and work in the pattern smeth(es) as indicated. Your swetch should measure  $4 \times 4 \times 10^{-10} \times 10^{-10}$ .

- If your swetch is small, your work is too pight. Try a larger size needle.
- If your swatch is large, your work is too loose. Try a smaller size needle.
   In both cases, keep on grain and you get the cornect tension.
- H your swatch matches ours just on ahead and follow our instructions.

#### WARNING TO FIRST READERS

These sweaters are made exclusively for and with Anny Blatt yarns. Each one of them is carefully created by the Anny Blatt design team taking full advantage of the unique characteristics of the yarn.

Any substitution will definitely affect the overall appearance and feel of the garment which may disappoint you.

By using exclusively these very unique yarns you will be sure to get the Anny Blatt legendary fine quality as well as the Anny Blatt ultimate look recomined worldwide.

All our designs are exclusive. Commercial reproduction is forbidden without special authorisation from Laines Anny Blatt.
